

GEO. ALBERT & CO.
AGAIN ON HAND

MAMMOTH STOCK!
OF
FALL AND WINTER GOODS!
Those who have not visited George Albert & Co.'s lately will be surprised, on calling there, to see the immense quantity of Goods that are being sold. The cause is evident; they keep the best of Goods, and sell them lower than the Toledo merchants. The people are beginning to learn that it is a losing operation to go to Toledo for their Dry Goods and Groceries, and to none is this fact more evident than to those who have examined goods and prices at Geo. Albert & Co.'s. They are constantly in receipt of fresh Groceries, and defy competition as regards quality and price. Having once purchased a bill of goods at this establishment, no one can go away grumbling because the "times are hard."

SPRING AND SUMMER GOODS!
which he offers at his usual prices, believing in the doctrine of "living and let live." He does not think the accommodations should all be on one side, but is willing to contribute his share towards "weathering the hard times." He has not said to a customer who will pay promptly, once in six months, and who will pay for his goods, if he can't, "if you can't, you can't," as the manner of some is, in these latter days, but has endeavored to do business on the Mutual Accommodation plan.

WANTED, at all times, Butter, Lard, Eggs, Smoked Hams, Hides, Sheep Pelts, Bags, Beeswax, and in fact, anything you have to sell, even to Old Iron.—Farmers will find that I pay the highest prices for produce and truck of all kinds.

All good LUMBER and SHINGLES that comes to market is bought at good prices. To those who want I would say, that you will find in my Lumber Yard everything you want, in this line, cheap—number of all kinds—White-oak, Oak, Cottonwood, etc.—Shingles, "Porking," cut and dressed, and Oak, and short Shingles, Lard and Flaming Lard, fancy Pickles—3, 4 and 4 feet long, &c.—cheap.

SINGER'S SEWING MACHINES.
IN all the leading branches of manufacturing industry the great practical superiority of Singer's Sewing Machines is a fact established beyond dispute. No other, shod, or manufactured sewing machine, dress-maker, saddler, carriage trimmer, hat manufacturer, &c., &c., can afford to do without them.

One Thousand Dollars a Year is easily made by the use of each of these Machines, and for consideration of this truth, we refer to any one of the thousands of persons who use them. They are adapted to every sort of work, fine or coarse, and in their operation, woolen fabrics, also light and heavy leather. They never fail to give entire satisfaction.

To meet the growing demand for smaller and more elegant machines for private household purposes, we have just produced, and are ready to receive orders for, Singer's New Family Sewing Machine, which is the most compact and beautiful sewing machine ever constructed, and is ornamented in the highest style of art, and all who see it are delighted with it. It makes the improved interlocking stitch, and is capable of doing a greater variety of work in better style than any other Sewing Machine ever offered for family purposes.

It is not subject to the objection of using twice two marks together, and making a raveling seam, like Greener & Baker, nor is it confined in its operation to a few thin fabrics, liable to get out of order and unfit to use as a thread, like Wheeler & Wilson Machine, but is amply sufficient to perform all kinds of family sewing.
